

The Low Cloverleaf Gives the Manure Two Healthy Beatings

WE used to think that if we threw manure onto the ground any old way and plowed it under, we were doing a good job. But now we know that won't do. To do any real good, the manure must be broken up into small pieces and spread evenly.

The Low Cloverleaf spreader is the one that does this work best. It gives the manure two healthy beatings, one with the regular beater, the other with the wide spread disks. When the manure reaches the ground in that condition your soil gets all the good there is in it, and gets it quickly. The Low Cloverleaf is one spreader it will pay you to see before you buy. See the local dealer who has one set up for you to look at.

WHY NOT ELECT A BUSINESS MAN?

Candidate For President Should Have Commercial Training.

GOVERNMENT IS A BUSINESS

Set Back Professional Politicians, Horn Blowing Orators and Briefless Lawyers and Place at the Head of the Biggest Corporation in the World an Experienced Man.

WHY can't we have a business man in the Presidential chair next time, is the query of a prominent New York newspaper.

Government is a BUSINESS, and a BIG BUSINESS.

Seagoing and overland commerce, taxation, tariffs, rate regulation, monopoly regulation, the mails and parcels posts, conservation of resources, development and maintenance of waterways, the huge payrolls of Government employees, the courts of justice, the national revenue collectors and police, the army and navy—what are all these but pure business problems, demanding the same trained and capable business executive direction that any great business concern demands?

What board of directors would think of hiring a professor of Sanskrit to be president of a great railroad?

What huge shipbuilding or engineering concern would select a peripatetic stump orator or a lyceum lecturer to direct its activities?

Big Business Men Needed.
Big business concerns seek big business men with big business brains to be executive chiefs.

Now, here is this big business corporation in which every one of us, big and little, is a stockholder—the United States of America.

It is the BIGGEST BUSINESS CONCERN the world ever saw.

And what do we do every four years by way of selecting a head for this wonderful, gigantic business concern?

Why, we always select a man who has never shown enough business ability to run a one-horse draying concern.

In the fifty years that have elapsed since Abraham Lincoln died not one of the eleven Chief Executives of this colossal business corporation called the United States has had the SLIGHTEST BUSINESS TRAINING or any acquaintance with the complex, varied, ramifying and interrelated problems of finance, production, transportation and world exchange upon which depend the welfare and prosperity of the whole people and of each individual citizen.

Hindrance of Prosperity.

Is it any wonder that our national business is one long serial story of stupid HINDRANCE OF PROSPERITY, stupid depression of commerce and trade, stupid opposition to the forward impulses of business co-operation and consolidation and of wasteful and criminally extravagant expenditure of the people's money to the tune of thousands of millions?

Is it any wonder that we WASTE each year an amount of money that would fortify our coasts, stock our magazines with ammunition, equip our navy properly and SECURE BEYOND ANY POSSIBLE DANGER the safety of our country?

Suppose that just once, by way of experiment, we gently, but firmly and positively, set the whole lot of professional politicians, horn-blowing orators, briefless lawyers, pretty phrasemakers, theoretical schoolmasters and all that sort on a shelf in the back woods and put a BIG, BRAINY, CAPABLE, EXPERIENCED BUSINESS MAN, who has done big things well all his life, in the chair of the President of the United States?

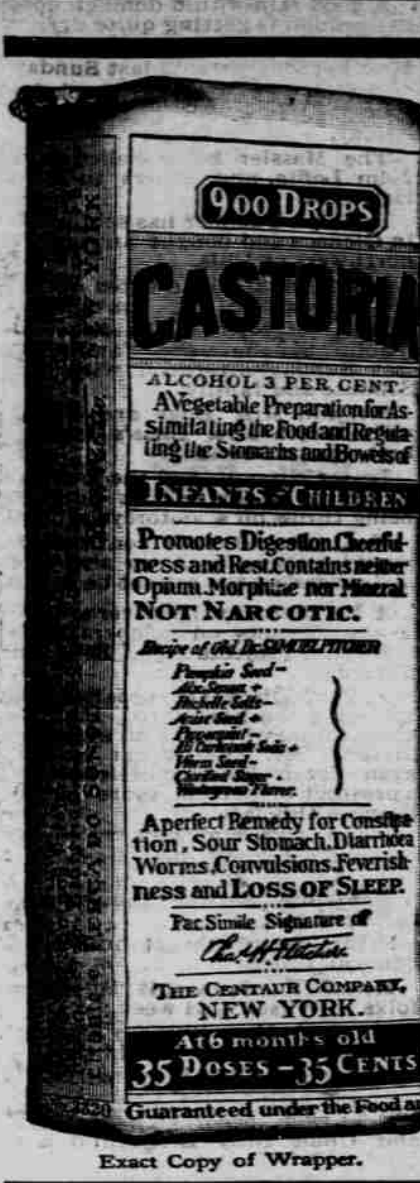

What do you think about this, citizens?

For an Idea, Not an Individual.

The views expressed in the above editorial are exactly the views held by THOUSANDS OF INFLUENTIAL BUSINESS MEN throughout the country. As an outgrowth of this sentiment there has been formed an organization called the Business Men's Presidential League, which has for its object the exploitation of an idea instead of an individual. What it seeks to bring about is the nomination of a candidate for president WHO CAN BE ELECTED, also to prevent action next June at Chicago that would be party suicide.

An All Round Business Man.

To win next November the Republican party must DESERVE TO WIN. That means we must have a candidate who first of all merits and commands the confidence of the business men of the nation. Among the prominent men mentioned as candidates who would meet this demand is General Coleman du Pont, of Delaware. Du Pont is distinctly a business man. He has been everything, from a miner, working with a pick and shovel, to the director of one of our greatest industrial corporations. He has built and managed railroads and is a banker and a farmer. In every line his activities have been SIGNALLY SUCCESSFUL, and no man has had a more varied experience to equip him for the Presidency. He is the kind of man who could save to the taxpayers of this country the three hundred million dollars that the late Senator Aldrich said were wasted annually in running the public business.
